SUMMARY

I'm a MERN stack developer with over 2 years of experience building full-stack web applications. I've worked on both frontend and backend, focusing on clean, functional, and user-friendly solutions. Alongside development, I've spent 2 years training and mentoring students in web development—helping them understand real-world concepts and build confidence in coding. I'm passionate about building useful products and continuously learning new technologies to improve my craft.

TECHNICAL SKILLS

React JS	Git & GitHub	MongoDB
Tailwind CSS	Node JS	Responsive Design
GSAP	Express JS	User Testing Tools
Redux Toolkit	JavaScript	MS Office

PROFESSIONAL EXPERIENCE

- The ACE ACADEMY For Computers

May 2024 - Present
